
FOUNDATION DATA MODEL READINESS WORKSHOP FOR WORKDAY FINANCIAL MANAGEMENT

DISCOVER THE POWER, FLEXIBILITY, AND TRANSPARENCY OF WORKDAY ACROSS YOUR GLOBAL ENTERPRISE

Your finance organization needs a technology solution to help drive better business decisions and operational excellence. With promises of real-time data and a deeper understanding of costs, revenue, and profitability, Workday Financial Management will provide the financial insights that your organization needs.

“ Collaborative Solutions helped us achieve our goal for a more efficient financial operations and close process. During design, Collaborative helped us incorporate best practices and challenged us to transform processes in a new way. ”

- **Nicole Stephenson**, AVP, Financial Operations,
Virtus Investment Partners, Inc.

But before you can reap the benefits of your Workday investment, you'll need to configure the Workday Foundation Data Model (FDM) to create a clear framework for your Workday environment. The FDM is the core of the Workday platform and functions as the basis for all Workday organizations and worktags.

**ACHIEVE BETTER
TRANSFORMATION
THROUGH TECHNOLOGY**

90%

of surveyed organizations agreed that Collaborative Solutions' Foundation Data Model (FDM) Readiness Workshop was critical in transforming their financial operations while also demonstrating how Workday Financial Management works to accommodate their unique business needs.

Source:  TechValidate

It drives everything from how you enter transactions and route business processes to how you set-up your security model and report on your data. It also provides a flexible way to define taggable business dimensions that are relevant to different areas of your organization.

UNDERSTAND HOW WORKDAY FINANCIAL MANAGEMENT WOULD WORK IN YOUR ORGANIZATION

At Collaborative Solutions, we will work with you during our interactive **Foundation Data Model Readiness Workshop** to help you define the structure of your Workday environment for security, business processes, reporting, and transactional data entry.

Using your data and key business goals, we will provide guidance on how to leverage the multidimensional structure of Workday to create a framework that supports all management and financial reporting in your organization and demonstrate how your data will look and function in Workday in two weeks.

**UNLEASH
THE POWER
IN YOUR DATA**

94%

of surveyed organizations agreed that Collaborative Solutions' Foundation Data Model (FDM) Readiness Workshop provided a clear framework to guide their Workday configuration and increased their understanding of the power and flexibility of Workday Financial Management.

DESIGN YOUR FINANCIAL INFRASTRUCTURE WITH THE HELP OF OUR FINANCIAL MANAGEMENT EXPERTS

DURING COLLABORATIVE'S FOUNDATION DATA MODEL READINESS WORKSHOP, WE HELP YOU TO:

» **DEMONSTRATE THE WORKDAY POWER OF ONE**

Increase understanding of the power, flexibility, and transparency of Workday Financial Management across your global organization.

» **UNDERSTAND WORKTAGS**

Demonstrate Workday's worktags as they relate to your organization to show how transactions, processes, and reports could look with your data.

» **DEFINE AND ALIGN THE RIGHT DESIGN TEAM**

Learn from our experienced SMEs and get a jump start on design approach & dialogue.

“ The Collaborative Financial Team was so knowledgeable and easy to work with during our implementation. I don't see any way that we could have implemented Workday on time without the use of their tools, advice, knowledge, and expertise. ”

- **Jennifer Durrett**, *Controller*, Buncombe County
