

OPTIMIZE YOUR ADMINISTRATIVE SYSTEM AND **DRIVE SUCCESS.**

Your ERP is an invaluable higher education solution for students, faculty, staff and administration. However, the needs of your institution and students are constantly evolving.

Ferrilli functional and technical consultants(Flexperts®) have broad experience with several of the most popular ERP platforms, as well as with the associated third-party systems. With our comprehensive suite of management and support services, we are ready to help your institution optimize and streamline your ERP system to achieve the highest value—through improved operations, reduced cost and an outstanding student experience.

Ferrilli Flexpert®

Ferrilli's Flexpert® model enables your institution to swap staff resources in and out as priorities shift – providing you with ready access to our full depth of technical and functional expertise.

The unique, flexible staffing arrangement is a game-changer that's designed to accommodate your needs as they evolve in real time, with predictable fees and top priority for in-demand resources.

- **Provides your institution with access to the cadre of Ferrilli higher education experts so your institution always has the best resource on the task**
- **Enables your institution to flex out staff and bring in others as needed**
- **Provides a higher level of service at a lower cost versus purchasing services project-by-project**
- **Allows for quicker resolution of challenges, implementation of best practices, and higher user satisfaction**
